Let Opus I Enhance and Beautify your home living experience
THE STURDIEST
All PVC 5 5/8” heavy duty mechanical frame system for optimum strength
Plain stiles and interlocks are steel reinforced for additional rigidity
Extruded aluminum screen frame with fiberglass mesh contributes to the durability of the screen door

THE SMOOTHEST OPERATION
Adjustable nylon tandem panel rollers
Precision ball bearing system providing years of continuous smooth gliding operation

GREAT ENERGY EFFICIENCY
All PVC multi-chambered profile frame system
Full length dual weather stripping in all jamb and sash components for optimum seal
Full length bulb seal in operating jamb side for increased air-tightness
1” insulated glass units for great thermal performance
High performance sill design for superior water resistance and drainage

EASY MAINTENANCE
PVC requires minimum maintenance and the aluminum is anodized to prevent corrosion
Standard jamb pocket cover on the interior fixed side for a clean finish

SUPERIOR PROTECTION
Lower risk of break-ins thanks to a durable high quality twin-point lock
Can also be added for your added security: exterior key lock, foot lock, head lock and security bar
AESTHETIC COMPONENTS

- Beautiful handles in 7 different finishes
